This net meets every Sunday evening at 7:30 P.M. local time for the purpose of testing emergency communications throughout Somerset County and to be of interest to amateurs within the coverage of the K3SMT repeater. All amateurs are encouraged to participate.

The K3SMT repeater operates at 147.195 Mhz with a sub-audible tone of 123 hz. A clear frequency will be appreciated.

Emergencies may break the net at any time.

(If a station with an emergency BREAKS the net at ANYTIME, request the net to STAND-BY, recognize the breaking station and deal appropriately with the station's traffic)

I will now take check-ins from any station that must check-in early and cannot standby for the roll call and announcements, please call _____ now.
